ALEXANDRA MILLATMAL
BUILDER OF CODE & COMMUNITY

hello@alexandramillatmal.com

SELECTED WORKS

2017 — **Catalog Choice | Full-Stack Developer**
Refactored, fixed bugs, and executed features in an existing code base of a live application with 70k active users

2016 — **Outcomes Tracker | Full-Stack Developer**
Designed and implemented an internal system for tracking job search progress and placement for Omaha Code School students

2015 — **"Tunisia's Delicate Balance…" | The Stream**
Pitched and coordinated remote interview production in Tunisia; suggested show guests; led research for production team

2014 — **"Klay BBJ Explains His Arrest" | Tunisia Live**
Edited package in post-production; verified English translation and added subtitles

PROFESSIONAL EXPERIENCE

2016 - 2017 — **Co-Instructor | Omaha Code School**
Led course development for the program's introductory class; aided head instructor in curriculum planning; built internal apps and scripts to streamline school operations

Present — **Outreach Director | Ajam Digital Archive**
With Archive Director, develop and maintain strategic partnerships for the archive; design marketing strategy to encourage contributions

2015 — **Digital Associate Producer | Al Jazeera English**
Compiled in-depth research briefs on episode topics for *The Stream*'s hosts and producers

2015 — **Teaching Assistant | Omaha Code School**
Instructed 13 high-schoolers in front-end web development over an intensive summer course; mentored campers during their culminating "Community Action" capstone projects

2013 - 2014 — **Community Engagement Editor | Tunisia Live**
Wrote, edited, and published articles; managed up-to 5 reporters; oversaw social outreach and strategy; coordinated breaking news coverage of the country's 2014 constitutional vote and the aftermath of a 2013 political assassination

2012 - 2013 — **Fellow | Al Jazeera English**
Assisted daily live production of *The Stream*; community managed the show's social accounts; aided ad-hoc projects like live Twitter chats and open editorial meetings via Google+
